The price shall be valid for the Delivery Window. Trefoil's quotations and invoice values are based on a so-called 0-tariff for excise duties and VAT, therefore any price will be increased when invoiced with applicable tariffs, excise duties, other duties, levies, VAT and additional taxes (as applicable).

For completeness sake it is noted that the option as stated in art. 3.3(a) shall also be effective if Trefoil and Buyer cannot agree upon a new Contract or price, as mentioned in art. 3.3(b) of these Terms of Sale.

### 4 GRADES AND QUALITY OF MARINE FUELS

4.1 The Marine Fuels supplied under these Terms of Sale shall be Trefoil's commercial grades as determined in accordance with ISO 8217 and set out in the Marine Fuels Agreement. All standard specifications are subject to quality tolerances as accepted within the reproducibility and repeatability of the applicable test methods described in ISO 8217. No other test method(s) and/or test result(s), which are not described and/or specified in ISO 8217 (GC-MS, WAT, WDT and/or others) will be accepted or valid, unless such method is described and/or specified as a test method(s) within ISO 8217. Any deviation of the Marine Fuels within such quality tolerances are accepted under the Marine Fuels Agreement and do not give rise to any compensation to or claim by Buyer.

4.2 The Buyer shall be solely responsible for nominating to Trefoil the grade of Marine Fuels for each delivery from the range of Marine Fuels supplied by Trefoil at the location in question.

4.3 The Buyer hereby warrants that it has not relied upon any representations made by or on behalf of Trefoil but has relied exclusively on its own knowledge and judgement as to the fitness for its purpose of the Marine Fuels nominated. Trefoil cannot be held responsible for any (incorrect) nomination by Buyer and Trefoil doesn't provide any advice with respect to such nomination.

4.4 The quality of the Marine Fuels shall be determined in accordance with Clause 10 below and ISO 8217.

Adjustment in volume owing to differences in temperature shall be made in accordance with the abridged volume correction table of the ASTM-IP Petroleum Measurement Tables.
- 5.3 The quantity of Marine Fuels delivered shall be determined by the gauge(s), flow meter(s) and/or measurements of Trefoil's barge tank(s), shore tank(s) road tank truck(s) or other means of Delivery, effecting Delivery and the Buyer (or its representative), at its own expense, shall have the right (and is invited) to witness such measurements. The Buyer will be charged for Marine Fuels on the basis of these measurements and determination of quantity shall be made solely by Trefoil. All such measurements made by Trefoil, with or without presence of the Buyer (or its representative) shall be final and binding and shall be deemed to be conclusive proof of the amount of Marine Fuels delivered to Buyer. Trefoil shall record the quantity of fuel delivered according such measurements on the Bunker Delivery Note.

- 8.1.1 Trefoil shall not be liable for any inability to Deliver on public/dock holidays and the Buyer shall accept actual Delivery of the Marine Fuels at the permanent intake connections of the relevant Receiving Vessel at wharf or marine loading terminal at the port of delivery or, as the case may be, alongside barges, whichever is the earlier.
- 8.1.2 Receiving Vessels shall be supplied as promptly as circumstances permit. Supply within the contract is not guaranteed and Trefoil cannot guarantee timely Delivery, but Trefoil will use its commercially reasonable efforts to Deliver within the Delivery Window.
- 8.1.3 Trefoil shall not be liable for demurrage or for any losses due to congestion at Trefoil's storage or delivery facilities or due to any prior commitment or unforeseen inflicted delay of available transportation. Trefoil can only be held liable for damages due to late Delivery, when after a renewed and explicit notice from Buyer issued in writing after the end of the Delivery Window, Trefoil fails to effect Delivery within a reasonable period of time.
- 8.2 The Receiving Vessel's ETA and ETD shall be as stated in the Marine Spot Fuel Agreement or Confirmed Nomination (whichever is applicable) and this defines the Delivery Window. Trefoil shall use its reasonable efforts but shall be under no obligation to make the Delivery if the Buyer or its agent requests the Delivery to be made outside the Delivery Window.
- 8.3 The Buyer, or its agent at the port or place of delivery, shall give Trefoil, or its representatives at the port or place of delivery, a written notice of not less than forty-eight (48) hours (the running of which shall exclude non-working days (i.e. Saturdays, Sundays and public/dock holidays)) before arrival of the Receiving Vessel, indicating the exact location at the port of delivery, the time within the Delivery Window that the Delivery is required and confirmation of the receiving rates, grades and quantities of Marine Fuels that are required and if the MARPOL sample is to be drawn in accordance with the MARPOL guidelines.
- 8.3.1 This notice must be received by Trefoil or its representative during its regular working hours and business days.
- 8.3.2 If the Buyer or its agent for whatever reason fails to make this notice and/or fails to accept the Marine Fuels in full or in part at the place or time designated for Delivery, Trefoil shall, without prejudice to all its other rights, be at liberty to either dispose or store the Marine Fuels or take any other action which it may deem appropriate, such at Trefoil's sole discretion, leaving unaffected all Trefoil's rights as set out in the Contract (including the right to claim damages) and Trefoil shall not be liable for any resulting delay in Delivery and the Buyer shall reimburse any costs incurred by Trefoil and lost profits related to the missed Delivery of Marine Fuels.
- 8.4 On receipt of the notice referred to in Clause 8.3, Trefoil or its representative shall, unless explicitly otherwise agreed, upon specific written request provide the agent or the Buyer with an estimate of the date and time of the Delivery.
- 8.5 The Buyer warrants that the Receiving Vessel can safely receive Marine Fuels and shall ensure that the Receiving Vessel has all certificates, knowledge and experience required to comply with all relevant regulations relating to Delivery of the Marine Fuels at the port or place of delivery. The Buyer (or its representative) shall, by completion of Trefoil's bunker requisition form prior to Delivery of the Marine Fuels:
- (a) confirm the quantity and grade of Marine Fuels to be supplied and, if more than one grade of fuel is to be supplied, the order in which the grades are to be supplied; and inform the maximum allowable pumping rate and pressure that the Receiving Vessel requires and agree on communication and emergency shutdown procedures; and
  - (b) inform the maximum allowable pumping rate and pressure that the Receiving Vessel requires and agree on communication and emergency shutdown procedures; and

  - (d) provide either, a free side of the Receiving Vessel for barge deliveries or a prompt and safe passage between public roadway and the actual place of delivery for road vehicles.
- 8.6 The Buyer and Receiving Vessel shall render all necessary assistance which may reasonably be required to moor or unmoor the supply vessel. The Buyer and Receiving Vessel shall be responsible for all connections and disconnections between the delivery hose(s) and the Receiving Vessel's manifold and shall, under supervision of the officer(s) of the Receiving Vessel, require the hose(s) to be properly secured and connected to the Receiving Vessel's manifold prior to the commencement of delivery of Marine Fuels. If in Trefoil's opinion the Receiving Vessel cannot safely receive Marine Fuels, then Trefoil has the option to either suspend Delivery until, in Trefoil's opinion, the Receiving Vessel can safely do so or terminate the Delivery or the Contract in which case Buyer is required to reimburse all costs related thereto incurred by or on behalf of Trefoil.
- 8.7 The Receiving Vessel shall provide sufficient segregated tankage to receive the quantity of Marine Fuels stated in the Marine Spot Fuel Agreement or Confirmed Nomination (whichever is applicable). The Buyer shall pay any cost or expenses incurred by Trefoil as a result of the Buyer failing to take the specified quantity.
- 8.8 Trefoil shall not be responsible for on-board safety or storage failures that may affect the Delivery and Trefoil shall have the right to recover from the Buyer any resulting cost incurred. In the event of delay in the use of Delivery or barging facilities due to the Buyer or to the Receiving Vessel for any reason whatsoever, the Buyer shall reimburse Trefoil for any expenses, including demurrage, incurred due to such delay.
- 8.9 Trefoil reserves the right to have the Delivery made by a third party supplier if for any reason delivery cannot be made from its own supply; however, Trefoil shall remain responsible for the performance of the Contract.

8.10 The Bunker Delivery Note will be handed to the Receiving Vessel's representative. An electronic copy may be forwarded to the Buyer by telefax, email or in hardcopy by mail at Buyer's request. Failure to produce the second copy does not exempt Buyer from his obligation to pay the invoiced amount in full within the agreed term.

## **9 SPILLAGE DURING DELIVERY OF MARINE FUELS**

9.1 If a spill occurs during delivery of Marine Fuels, the Buyer shall promptly take all action reasonably necessary to remove the spillage and mitigate its effect. If the Buyer fails to promptly take such action, Trefoil may, at its option, take such measures it considers to be necessary or desirable in connection with the removal of the spillage and the mitigation of its effects by employing its own resources or contracting with others.

9.2 The Buyer shall promptly provide Trefoil with any requested documents and information regarding a spill including the Receiving Vessel's spill contingency plan or any other applicable program for the prevention or mitigation of pollution as required by any applicable laws or regulations.

9.3 Without prejudice to the first sentence of Clause 9.1, Trefoil shall indemnify the Buyer against all liability, costs and expenses (including but not limited to those incurred by the Buyer in accordance with this Clause 9) arising from any spillage to the extent that such spillage has been caused or contributed to by the negligence of Trefoil or failure of or defect in Trefoil's equipment.

9.4 The Buyer shall indemnify Trefoil against all liability, costs and expenses (including but not limited to those incurred by Trefoil in accordance with the provisions of this Clause 9) arising from any spillage, except to the extent that such spillage has been caused by the negligence of Trefoil or failure of or defect in Trefoil's equipment.

## **10 SAMPLING OF QUALITY**

10.1 Unless quality shall compulsorily be determined at the Receiving Vessel's manifold (but only to the extent that this is the case and such is mutually agreed between parties or such is required on the basis of mandatory laws or regulations), sampling by Trefoil shall be accomplished during the Marine Fuels delivery process as set out in this Clause 10. Trefoil or its representative shall take two (2) sample sets consisting of at least four (4) samples of each grade of Marine Fuels delivered. However, in case of a Land Tank Delivery Process only one sample shall be taken in accordance Clause 10.4.

10.2 The first sample set shall be taken during or after loading the means of supply with Marine Fuels directly from the loaded bunkers be Delivered. This first sample set shall be taken by a third party or by representatives of Trefoil, up to the sole discretion of Trefoil, by means of a so-called 'continuous drip sample' or 'composite sample' of the bunkers to be delivered to the Receiving Vessel(s).

10.3 The second sample set shall be taken from Trefoil's means of supply during the Delivery to the Receiving Vessel. The Buyer shall have the right (and is invited) to have its representative witness the drawing of the second sample set. This second sample set taken from the means of supply during to the actual Delivery shall be regarded as the relevant sample and the analysis thereof will be binding upon Trefoil and Buyer.

10.4 In case of a Land Tank Delivery Process the only and relevant samples shall be taken directly from the land tank containing the Marine Fuels.

10.5 The aforementioned samples shall be securely sealed and labelled by Trefoil and at least two (2) of these representative samples per sample set shall be given to the Buyer, one (1) of which is for MARPOL compliance purposes only. Two (2) samples shall be retained by Trefoil or its representative for ninety (90) Days following the date of Delivery in a safe place for subsequent verification of the quality thereof, if required, after which these samples may be destroyed.

10.6 In case the Buyer takes a (third) sample set after the Marine Fuels have passed the flange or valve (whichever is sooner) of the Receiving Vessel, but during Delivery of the Marine Fuels into the Receiving Vessel, the Buyer shall invite Trefoil to have its representative witness the drawing of the third sample set and two of these samples will be given to Trefoil. This sample will not be binding between the Parties unless clause 10.7 applies.

10.7 In case of any defect with the sampling equipment and/or a human error at the above mentioned moments for taking the relevant sample Trefoil may at its sole discretion appoint another sample (of the sample sets to be taken in accordance with this Clause 10 ) as the relevant and binding sample.

10.8 If the Buyer issues a claim regarding the quality of the Marine Fuels in accordance with Clause 11.2 below, and provided the claim is legitimate in accordance with ISO 8217, one of the two of Trefoil's retained relevant samples of the applicable and binding sample set (in accordance with this Clause 10) shall be submitted by Trefoil for relevant analysis to a local independent laboratory.

10.8.1 The independent laboratory's analysis shall, absent manifest error or fraud, be conclusive and final and binding on both Buyer and Trefoil as to the quality of the Marine Fuels delivered. The analysis shall be established by tests in accordance with ISO 8217 and/or any other tests agreed to between the Buyer and Trefoil in writing.

10.8.2 Any cost associated with the Buyer appointing a representative to witness the sample seal-breaking and/or analysis at the independent laboratory shall be the sole responsibility of the Buyer.

10.9 Samples other than those drawn by Trefoil or its representative shall not be admissible for the purposes of determining quality, even if such samples are signed by an agent or representative of Trefoil, unless this has been expressly agreed in writing in the Marine Fuels Agreement or in case Clause 10.7 is applicable.

10.10 In case of de-bunkering the quality determination of the de-bunkered product will only take place by sampling the respective barge tank(s) in which the product has been loaded. The sampling procedure will be performed by an independent, but mutual agreed, surveyor by means of composite sampling onboard of the receiving barge.

## 11 COMPLAINTS

11.1 Complaints concerning quantity must be submitted to Trefoil in the following manner:

- (a) Quantity complaints relating solely to the density of the Marine Fuels delivered shall be submitted fully documented by the Buyer to Trefoil in writing within fourteen (14) Days of the date of Delivery. Failing to submit this quantity complaint within said period results in any claim being deemed waived and forever barred.
- (b) Quantity complaints relating to the quantity, other than mentioned under Clause 11.1(a) above, shall be submitted fully documented by the Buyer to Trefoil at the time of the delivery. Failing to complain upon Delivery, results in any claim from Buyer being deemed completely waived. Such claim is also deemed waived in case Buyer fails to (timely) appoint a representative of Buyer that will and is present with the measurements as mentioned in Clause 5.3.

11.2 Complaints concerning quality must be submitted by the Buyer to Trefoil in writing and fully documented within fourteen (14) Days of the date of Delivery, failing which such claim shall be deemed waived and forever barred. The Buyer shall promptly furnish Trefoil with the analysis results of the relevant sample taken in accordance with Clause 10 as well as (if applicable, the analysis results of the sample taken by the receiving vessel) and shall provide full supporting evidence of its claim within fourteen (14) Days of Delivery to enable Trefoil to properly evaluate the claim failing which such claim shall be deemed waived and forever barred. Parties agree that no claim can or shall be submitted in case the sample taken by or from the Receiving Vessel, if applicable, complies with the applicable specification.

11.3 Despite the provisions of Clause 4, Buyer shall take all reasonable measures, including retention and/or burning of Marine Fuels in accordance with Trefoil's instructions, to eliminate or minimize any costs associated with an off-specification or suspected off-specification supply of Marine Fuels.

11.4 Trefoil shall be entitled and the Buyer shall allow, or where the Buyer has chartered the Receiving Vessel, shall obtain the owners' authorization to allow Trefoil or Trefoil's agent or representative to board the Receiving Vessel and investigate Buyer's claims of Marine Fuels that were Delivered not being in accordance with the specifications, including but not limited to the inspection of the master's logs and/or the Receiving Vessel's engine record books, and taking copies of these or any documents and allow sampling/sounding of all vessels bunker tanks which Trefoil considers necessary for its investigations, and Trefoil or Trefoil's agent or representative shall have access to the Receiving Vessel's engine spaces. The Buyer shall under no circumstances deny Trefoil access to such documents and/or refuse copies to be produced or reject sampling/sounding of the bunker tanks. Failure by Buyer, charterer(s), owner(s) or Receiving Vessels representative officer(s) to allow boarding, access and/or to produce copies of documents and or permission for sampling/sounding of Trefoil's representative shall void any claim of Buyer and shall constitute to a complete rejection of any claim brought by Buyer.

11.5 Should any claim submitted by Buyer in accordance with this Clause 11 not be settled to Buyer's satisfaction, any legal action against Trefoil in that respect shall be time-barred unless commenced within six (6) months:

- (i) after the date of Delivery; or
- (ii) in the case of non-delivery, after the date of the end of the Delivery Window.

- 12.5 Trefoil shall not be responsible for any claim arising from commingling, commixtion or confusion of Marine Fuels delivered by Trefoil with other fuel(s) after Delivery.
- 12.6 If the Buyer removes Marine Fuels without prior written consent of Trefoil, all removal and related costs shall be for the Buyer's account. Nothing in the Contract shall in any way limit the Buyer's obligations to mitigate any of its losses suffered in connection with any Delivery.
- 12.7 The Buyer shall indemnify and hold Trefoil, Trefoil's affiliates, contractor's used by Trefoil and the directors, employees and agents of Trefoil and Trefoil's affiliates harmless against all claims, liabilities, loss, damage, costs, fines, penalties and expenses whatsoever and by whomsoever brought arising in connection with any Delivery of Marine Fuels except to the extent that such claims, liabilities, loss, damage, costs, fines, penalties and expenses are caused by the gross negligence or willful intent of Trefoil or Trefoil's affiliates, or breach by Trefoil of its obligations under the Contract.
- 12.8 The provisions of Clause 11 and this Clause 12 shall continue to apply notwithstanding the termination or expiry of the Contract for any reason whatsoever.

### **13 TITLE, RISK AND PROPERTY**

- 13.1 The risk of the Marine Fuels delivered under the Contract shall pass to the Buyer as per Delivery.
- 13.2 Title in and to the Marine Fuels Delivered and property rights in and to such Marine Fuels delivered shall be retained by Trefoil (retention of title) until full payment of these Marine Fuels, previously delivered Marine Fuels or subsequently delivered Marine Fuels, has been received by Trefoil in full, including all amounts due in connection with the delivery of Marine Fuels.
- 13.3 Until full payment of everything due to Trefoil, for whatever nature, has been made, the Buyer shall not be entitled to use the Marine Fuels Delivered by Trefoil other than for the propulsion of the Receiving Vessel, nor mix, blend, sell, encumber, pledge, alienate, or surrender the Marine Fuels Delivered by Trefoil to third parties.
- 13.4 In case of breach of Contract by Buyer, Trefoil is entitled to take back the Marine Fuels without prior judicial intervention, notwithstanding all Trefoil's other rights under the Contract of the applicable laws. In case the Marine Fuels, in part or in full, are no longer (definable) present, Trefoil has the right to attach the Receiving Vessel to which the Marine Fuels have been Delivered no longer (definable) present, Trefoil has the right to attach the Receiving Vessel to which the Marine Fuels have been Delivered the world without prior notice.

### **14 PAYMENT**

- 14.1 Payment for the Delivery of the Marine Fuels and all other charges shall be made in full (without any abatement, deduction, set-off or counter claim whatsoever) in cleared funds in EURO's (or such other currency as may be stated in the Marine Fuels Agreement).
- 14.1.1 Unless otherwise established in the Marine Fuels Agreement, payment shall be due with effect from the date of Delivery and shall be made by means of telegraphic transfer, automated credit transfer or electronic transfer of same day funds quoting Trefoil's invoice number and the Buyer's name to the account specified by Trefoil in its invoice to the Buyer, value dated no later than twenty-one (21) Days (or such other period as is agreed in the Marine Fuels Agreement) from completion of Delivery. If, however, Trefoil's bank is closed for business on the last Day of the applicable credit period, the Buyer shall make its payment by the last Day within such credit period when Trefoil's bank is open for business. All bank charges in respect of such payments shall be for Buyer's account.
- 14.2 Delivery documents may be provided to the Buyer if requested but payment shall not be conditional upon the Buyer's receipt of such documents.
- 14.2.1 The Buyer shall notify (or shall instruct its bank to notify) Trefoil as soon as payment has been made, quoting the date on which payment was made, the amount, the name of the bank effecting payment and details of each invoice to which the payment relates. Such notification shall be sent to Trefoil's contact as stated in the Marine Fuels Agreement.
- 14.2.2 Without limitation to the foregoing or to Trefoil's other rights under the Contract or otherwise, an interest of 1,5% per month or a part thereof will be due in case of payment later than the 21th Day after Delivery, (or such other period as is agreed in the Marine Fuels Agreement) such interest to run from the due date until the date payment is received in cleared funds by Trefoil's bank.
- 14.2.3 Should any claim or dispute arise between the Buyer and Trefoil in relation to any item on an invoice under this Contract, the Buyer shall make payment in full (without any set-off or deduction or compensation) as set out above. The claim or dispute will be resolved separately and if appropriate, Trefoil will issue a debit or credit note to the Buyer when the dispute is resolved.
- 14.3 Trefoil's invoice(s) (which may be sent by e-mail, mail or courier) shall be based on the quantity delivered as determined in accordance with Clause 5 and shall contain other applicable charges associated with the delivery and additional cost (including, but not limited to, costs made

for due to the Buyer failing fails to accept the Marine Fuels in full or in part at the place or time designated for delivery). Charges to be paid by the Buyer which have been incurred other than in EURO's (and such other currency which is not stated in the Fuels Agreement) shall be converted using a reasonable rate based on the date of delivery. If no rate is available on the date of delivery the last available rate will be used.

- 14.4 Where the applicable pricing mechanism does not allow for the preparation of a final invoice prior to the payment due date, Trefoil may issue and the Buyer shall make payment against a provisional invoice. The provisional invoice shall be based upon:
- (a) the pricing information available to Trefoil at the time it issues such provisional invoice; and/or
  - (b) the mean of any minimum or maximum quantity specified in the Fuels Agreement. Payment of any balance due by either party to the other shall be made immediately upon receipt of Trefoil's final invoice which shall be prepared as soon as practicable after all the relevant pricing and/or quantity information becomes available to Trefoil.
- 14.5 If, in the sole opinion of Trefoil, the Buyer's credit is deemed to be impaired or unsatisfactory; and/or Trefoil's credit risk towards the Buyer will exceed Trefoil's internal credit limit (which can be amended by Trefoil at any time), Trefoil may (without prejudice to its other rights) require the Buyer at Trefoil's option to pay cash before delivery of any future deliveries of Marine Fuel and/or to provide security satisfactory to Trefoil (which can cover both future deliveries and deliveries made but not yet paid for) and/or to effect immediate payment of any outstanding amount due to Trefoil in respect of any other delivery of Marine Fuels by Trefoil to the Buyer. In the event of failure by the Buyer to comply with Trefoil's requirement Trefoil shall have no obligation to make any (future) Delivery and may suspend its obligations or terminate the Contract on giving notice to that effect to the Buyer.
- 14.6 Deliveries of Marine Fuel under the Contract are made not only to the credit of Buyer but also on the faith and credit of the Receiving Vessel which uses the Marine Fuel and it is agreed that Trefoil will have and may assert a lien for the price of the Marine Fuel delivered.

## **15 HEALTH, SAFETY AND THE ENVIRONMENT**

- 15.1 Trefoil shall provide the Receiving Vessel with Safety Data Sheets appropriate to the grade of Marine Fuels delivered. Buyer shall provide its employees, users and customers with health, safety and environmental information, such information together with the Safety Data Sheets shall hereinafter be jointly referred to as the "HSE Data". Buyer shall ensure that its employees comply fully with all requirements, obligations and recommendations relating to the handling and use of the Marine Fuels delivered hereunder and shall impose upon all of its customers to whom the Marine Fuels are to be supplied the same obligation to comply fully with the requirements, obligations and recommendations of HSE Data.
- 15.2 Except for death or personal injury caused by Trefoil's negligence, Trefoil shall not be responsible in any respect whatsoever for any loss, damage or injury resulting from any hazards inherent in the nature of any Marine Fuels.
- 15.3 The Buyer and Trefoil shall each, at all times, comply with any obligations, requirements or recommendations contained in any law or regulations applicable to such party such as, but not limited to, those related to fire, transportation, handling and storage or spillage or loss of Marine Fuels. Compliance by Buyer with the recommendations in HSE Data shall not excuse the Buyer from its obligations under this Clause 15.3.
- 15.4 The Buyer shall indemnify and keep indemnified Trefoil against any liability, claim or proceedings whatsoever arising out of or in connection with any failure by the Buyer to comply with its obligations under Clause 9 or this Clause 15.

## **16 FORCE MAJEURE**

- 16.1 In addition to any other relief provided by law, no failure or omission by either Party to comply with any of its obligations under the Contract (save for any obligation to make payment) shall give rise to any claim against that Party, or be deemed to be a breach of contract, insofar as the failure or omission is caused by force majeure, which is defined as any cause not reasonably within the control of that Party, whether or not foreseen, including (without limitation and to the extent that they are not reasonably within the control of the relying Party) such causes as labor disputes, strikes, governmental intervention, compliance with any law, regulation or ordinance or with any order, demand or request of an international, national, port, transportation, local or other authority or agency or of anybody or person purporting to be or to act for such authority or agency or any other corporation directly or indirectly controlled by any of them, acts of administrative authorities, decisions of the courts, riot, wars, military operations, terrorism actions, civil commotion, hijacking, fire, explosion, flood, storm, natural disasters, pandemics or any act of nature. Any curtailment, failure or cessation of supplies of Marine Fuels from any of Trefoil's sources of supply (whether in fact sources of supply for the purpose of any Contract or not), provided that such curtailment, failure or cessation is related to a circumstance which is outside the control of Trefoil, shall be considered as an event of force majeure for the purpose of the Contract.
- 16.2 If by reason of any event of force majeure, either the availability from any of Trefoil's sources of supply of Marine Fuels or the normal means of transport of such Marine Fuels is delayed, hindered, interfered with, curtailed or prevented, then Trefoil shall be at liberty to withhold, reduce or suspend deliveries under any contract to such extent as Trefoil may in its absolute discretion think fit and Trefoil shall not be bound to acquire by purchase or otherwise additional quantities from other suppliers. Any additional quantities which Trefoil does acquire from other suppliers or from alternative sources may be used by Trefoil at its complete discretion and need not to be taken into account by Trefoil for the purpose of determining the extent to which it is to withhold, reduce or suspend deliveries under any contract. The Buyer shall be free to

purchase from other suppliers any deficiencies of deliveries of Marine Fuels caused by the operation of this Clause 16 but Trefoil shall not be responsible for any additional cost thereby incurred by the Buyer.

- 16.3 Trefoil reserves the right to increase the price charged for any Marine Fuels if there is any increase in the costs incurred or to be incurred by Trefoil in making the relevant supply due to factors which constitute a force majeure event pursuant to Clause 16.1.
- 16.4 Where the event of force majeure continues for a continuous period of more than one (1) month, and unless agreed otherwise between the Buyer and Trefoil, each of them may then terminate the Contract, by written notice to the other. Such termination shall not give rise to any liability, compensation or indemnity of any kind. In the case of a Marine Term Fuel Agreement, such termination shall apply only in respect of deliveries at ports affected by the force majeure event.

## 17 JURISDICTION AND LAW

- 17.1 The Contract shall be governed by and construed in accordance with laws of the Netherlands. The United Nations Convention on Contracts for the International Sale of Goods of Vienna, 11th April 1980 shall not apply to the Contract and therefore CISG is excluded.

Notwithstanding this provision, Trefoil shall at all times be entitled to start legal action before Courts which otherwise would have jurisdiction.

- 17.3 In case Trefoil opts for arbitration, the arbitration shall be conducted in accordance with the UNUM Rules current at the time when the arbitration proceedings are commenced, and the proceedings shall take place in Dutch. The arbitral tribunal shall be composed of: (a) one arbitrator in case of a claim up to EUR 500,000, or (b) three (3) arbitrators in case of a claim of EUR 500,000 or more. The appointment of the arbitrators shall be in accordance with the UNUM Rules.
- 17.4 Nothing herein shall prevent the Parties agreeing in writing to vary these provisions to provide for the appointment of a sole arbitrator.
- 17.5 All arbitration awards shall be final and binding on the Parties. By agreeing to arbitration under the UNUM Rules, the Parties undertake to carry out any award immediately and without delay; and the Parties also waive irrevocably their right to any form of appeal, review or recourse to any state court or other judicial authority, insofar as such waiver may be validly made.

## 18 SANCTIONS AND BOYCOTTS

- 18.1 Notwithstanding anything to the contrary elsewhere in the Contract:

- 18.2 Where any performance by a party would be in violation of, inconsistent with, or expose such party to punitive measures under the Trade Restrictions, such party (the "**Affected Party**") shall, as soon as reasonably practicable give written notice to the other party of its inability to perform. Once such notice has been given the Affected Party shall be entitled:
- (a) immediately to suspend the affected obligation (whether payment or performance) until such time as the Affected Party may lawfully discharge such obligation; and/or
  - (b) where the inability to discharge the obligation continues (or is reasonably expected to continue) until the end of the contractual time for discharge thereof, to a full release from the affected obligation, provided that where the relevant obligation relates to payment for goods which have already been delivered, the affected payment obligation shall remain suspended (without prejudice to the accrual of any interest on an outstanding payment amount) until such time as the Affected Party may lawfully resume payment; and/or
  - (c) where the obligation affected is acceptance of the vessel, to require the nominating party to nominate an alternative vessel; in each case without any liability whatsoever (including but not limited to any damages for breach of contract, penalties, costs, fees and expenses).

18.3 Nothing in this Clause 18 shall be taken to limit or prevent the operation, where available under the governing law of the Contract, of any doctrine analogous to the English Common Law doctrine of frustration.
